Map Description:
This map shows the proposed transmission corridor and the study area for the Little Jackfish Hydroelectric Development. The map is based on aerial photography and is overlaid with a grid of white lines. The map is titled 'Proposed Transmission Corridor Study Area' in the top right corner.

Map Projection:
The map is projected using the UTM Zone 16N projection. The map is based on the NAD83 datum. The map is titled 'Proposed Transmission Corridor Study Area' in the top right corner.

Map Description:
This map shows the proposed transmission corridor for the Little Jackfish Hydroelectric Development. The corridor is highlighted in yellow and runs diagonally from the top left towards the bottom right. It passes through a forested area with several lakes, including Tiger Lake, Eigen Lake, Mine Lake, Adair Lake, Eigen Lake, and Bopple Lake. The corridor is flanked by dashed purple lines representing the right-of-way. Highway shields for 213, 226, 230, 233, 241, and 230 are visible. A north arrow is located in the top right corner of the map area.
